TO WHOM SO EVER IT MAY CONCERN

This is to certify that **M/s. VOLTECH ENGINEERS PVT LTD.** has carried out the Testing and Commissioning activities of our Supply & Construction of new 132/33/11 kV "SUG-B" Electrical SS at SUG-B in Kuwait. During the execution of testing and commissioning activities, their engineers have shown good team-sprit, punctuality, sincere and dedicated efforts to successful completion of T&C activities right from the start till end of the project.

VOLTECH ENGINEERS commissioned our above mentioned project in a systematic and professional manner.

We wish them all the best in future projects.

Yours faithfully
For **Larsen & Toubro Limited.**
